Parties:

Approximately an hour ago I received the following communication from Ms. Gasque. I have not responded to the email individually, but I am forwarding it now to all parties to the proceeding and for publication to the DMS in the interest of transparency.

Please remember to copy all parties to the proceeding in all communications. This is to be sure that everyone is aware of everything that is being said.

Regards,
David Stark

Subject: [External] Protest of Docket 2022-88-T

To whom it may concern,

I submitted my protest regarding Docket 2022-88-T on Wed, May 4, 1:00 PM. I am reading the Proposed Order granting the applicant without acknowledging my protest. I am concerned about why no one has asked for any of my information. Mr. Terreni, the applicant's attorney, asked that my protest **not** be considered because it was late. When in fact, it was sent to PSC prior to him making an appearance on this docket. Does this make him late as well?

Is anyone at the PUBLIC SERVICE COMMISSION or OFFICE OF REGULATORY STAFF concerned that the applicant of said docket has done an illegal act regarding the very vehicles regulated by both PSC and ORS? Should a private (FOR PROFIT) company, Modivcare (Scott Bagwell) be able to insist there is a need and it out-weigh the laws of South Carolina?

Who should I send my information to? PSC, ORS, or our local news channel(s)? As a concerned citizen of South Carolina, I find it alarming that no one has asked for this information. I also feel both PSC and ORS should at least have the information on record if future activities occur.

Respectfully,
Brandy Gasque
